State of Georgia Agency Financial Representative:

The Georgia Fiscal Management Council (FMC), through its scholarship program, annually awards a cash scholarship to a full or part-time college/university student who is pursuing a course of study in a field related to Governmental Fiscal Management including Public Administration, Finance or Governmental Accounting. To be eligible for the scholarship, the applicant must be pursuing a degree in a related fiscal management field. We would be thrilled if a current State of Georgia employee who is working to improve their skills and knowledge were to be the recipient of this scholarship.

The purpose of the scholarship is to provide financial assistance to a deserving student who is pursuing a career in public service. The scholarship is available to eligible college juniors, rising college juniors, or graduate students at any level. The FMC scholarship is valued up to a maximum of \$1,000.

Please help us by sharing this scholarship opportunity within your Agency/Organization by circulating this announcement and making the attached applications available to anyone interested. If possible, ask your Human Resources Department to post it on applicable bulletin boards and in common areas. Please note that the appropriate Department Chairperson at their college/university must recommend the applicant. The completed application should be postmarked or emailed no later than **June 15, 2018** to:

Teresa Loggins
Georgia Department of Agriculture
